**January 2023**

## **What Difference can a Church Make?:**

What difference can a church make? One of the reasons that the focus of our ministry has been to attempt to plant churches, is because we realize the difference they can make in a community, and in many lives. We have been able to see this over and over with the different churches that we have started, and the testimonies that have been given. Since the church in Pacata was started, we have seen just that, lives that were dramatically changed and transformed. This is what helps us realize that all the time and effort is worth it. When you give to help this church have a permanent location, you will have a part in seeing these lives changed for all eternity. We are posting video testimonies on our website if you would like to see them personally ([www.operationbolivia.com](http://www.operationbolivia.com)). This past month we had two new offerings come in for **\$300** and **\$1000** which brings our total to **\$7500**. We are truly overwhelmed and so thankful for your prayers and sacrifice. Please continue to pray for our ministry and this great opportunity to help a church reach more people with the gospel. If you would like to help and give, you can send any gifts to;

Vision Baptist Missions

Dawsonville GA. 30534

## **Growing Pains:**

One of our prayers has always been that the Lord would raise up laborers to go into the harvest that is ready. Well several months ago one of the men in our ministry, that has been preparing to serve the Lord, spoke with me about moving to the city of Santa Cruz with his family. At that time we began talking about the possibility of starting a new church in the area where he will be living. We took a trip the last of November and scouted a large area where the church could be started, praying that the Lord would direct us to the right place. We narrowed it down to four possibilities and began looking for a place that would work both for a church and place for Juan and his family to live. We found a house with a store front and called to speak with the owner, and after meeting with her that night we were able to sign a contract. Juan and his family recently traveled and are now getting things set up before making plans to start the new church. Please pray for them and this new work.

## **Wonderful Christmas:**

First of all we would like to thank many of you for the Christmas cards and special offerings that were sent in December. It is truly a great blessing and help both for us and the ministry. We had a wonderful time both as a family and in the churches, celebrating this special time. Our daughter Grace was able to come and visit with us for a couple of weeks also and we were able to make great memories with her before she starts her married life in a just a few months.

## **Prayer Requests:**

1. Pray for the new church plant and pastor Juan Lamett and his family.
2. Pray for our upcoming camp this month, that many lives will be changed.
3. Pray for this new year and the opportunities that we will have.
4. Pray for the church in Pacata as we help them buy land for the church.
