Ministry Opportunities:

We praise the Lord for the opportunities that He gives us to serve, help, counsel and prepare others in the ministry here in Bolivia. One of those opportunities has been going to a juvenile detention center called Cometa, or Comet in English. This is a place where teenagers are held when they are repeat offenders or have committed violent crimes but are not old enough to go to jail. The neat thing is that they allow churches to come in to try and help with their rehabilitation. I have gone twice now and both Beth and I were able to go this last time where I preached to the guys she was able to go to a separate location with the girls. It is a challenging environment and the response varies from sneering or just talking to some that really seem to be listening. We have even had some come up after to ask us to pray with them about their upcoming court hearings. It has also been a blessing to meet one of the guys there who's name is Tito who leads the services and also has a time of bible study with twenty to twenty five and the guys there. One of the things that he has asked help with is getting material to be able to teach in that meeting. We are currently looking at getting some booklets printed and not only giving to him but also we hope to be able to go back and meet with this group of young men that are interested in studying the bible. Please pray that the lives of these young men can be changed for the Lord.

Setting the Foundation:

We have also started meeting with two of the men here that are preparing for the ministry, and their fiancées to start their marriage counseling. One of the couples will be getting married in September and the other in December. During our time together we have been emphasizing the importance of setting the foundation and being as prepared as possible for marriage. We hope to give them the tools necessary to be able to have a successful marriage for the honor and glory of the Lord. One of the things that I have been wanting to do for a long time, and have been able to start during this time, is preparing marriage counseling material that I am using and can be used in the future by others. The focus is on the key biblical principles like; the purpose of marriage and how to resolve conflicts, things that can help them have the foundation ready to build upon.

Standing Firm:

This past month we also had our yearly youth conference that focused on Standing firm on the Rock that is Jesus Christ. We had a missionary friend Shawn Bateman come over from Argentina to preach and it was truly a great blessing. We praise the Lord for the great group that came each night and the decisions that were made for the Lord.

Prayer Requests:

1. Pray for the men that are preparing to be married.
2. Pray for us as we make future plans for the ministry here in Bolivia.
3. Pray that things will continue to improve with the political situation here in Bolivia.
4. Pray for the pastors and churches as Satan always seeks to hinder and destroy what the Lord is doing.
