Serving Bolivia

Since 2006

October 2026

The Changed Heart:

We praise the Lord for all of the churches and individuals that pray for and support us and the ministry here in Bolivia. We also praise the Lord for a heart for missions and the desire of many to keep up with and be involved in what the Lord is doing. I have always said that every person should seek to take a trip to the mission field because you will not return the same as before. This past month, we had a group from one of our supporting churches, Eastern Ave. Baptist Church in St. Cloud, FL, come and visit for a little more than a week. They were truly a blessing and encouragement to us while here, not to mention they brought us two suitcases full of things for the ministry and our favorite treats. We really enjoyed showing them all the sites here in Cochabamba and the different churches. We were able to be in each of the four churches for a service, and they were able to give testimonies about how the Lord brought them to where they are today. It was neat to see how we not only were able to develop a great friendship but how the Lord burdened their hearts for the need for the gospel here. If you have not taken a mission trip, we would love to have you come and visit.

The New Family:

We have mentioned several times about the pre-marriage counseling we have been doing with a couple of the pastors here and their fiancés. We were able to finish with the first couple, Gary and Analiz, and had their wedding this past month. It is a little different here in that the religious ceremony is not recognized by the government, so it is a two-step process. They first have to go to the justice of the peace and get their official marriage certificate and then afterwards have the wedding itself. They were able to get the certificate a few days before and then on Saturday have their wedding. It is also normal here for weddings to go much longer compared to the US, and in this case, we started at 4:30 p.m. and everything finished around 11:00 p.m. Please pray for this new couple and their ministry that the Lord will bless and guide.

The Old City:

This past month, on the 14th, the city of Cochabamba celebrated its 216th anniversary. It is surprising to note that the country of Bolivia is 201 years old, making our city 15 years older than the country itself. The city has a rich history going back to the time of the Spanish Conquest when this fertile valley provided food for the mining towns in the mountains. Well, as a church, we had a special day on that Monday, since it was a holiday, and had a service in the morning, then lunch, and after a time of games that followed. It was a great time of fellowship, and we even had a couple of visitors that came to the activity.

Prayer Requests:

1. Pray for the need for the gospel here in Bolivia and around the world.
2. Pray for Gary and Analiz that the Lord will bless and guide them in their new family.
3. Pray for the pastors and churches here for the Lord's protection and provision.
4. Pray for our family that the Lord will protect, provide, bless, and guide in everything we do.
