Missionaries to

**BOLIVIA**

**October 2020**

## **The Future of Bolivia: (Hangs in the Balance):**

Around this time last year, Bolivia faced a critical moment in its history as they held presidential elections to decide whether the current president, Evo Morales and the government would continue to take the country farther into Socialism, much like what happened in Venezuela. At that time the country rose up and protested until the president fled the country. For the past year they have had an interim president, until new elections could be held, and those elections will be taking place the 18th of this month. This is truly a critical time in Bolivia and possibly a turning point, either for good or bad in it's history. The reason for this is that the former government was continually and systematically moving towards controlling and repressing the churches in Bolivia. The former president has already announced that if his party wins that he will return to the country the following day. If that happens it could have serious consequences for the churches and the work being done for the gospel. We would ask you to pray that the Lord's will be done and that the gospel will continue to go forth from Bolivia to the uttermost.

## **The Future of Bolivia: (Is on Their Shoulders):**

We have said from the beginning of our ministry, that our goal and purpose is to train Bolivian men and women to accomplish the work of reaching their own people with the gospel. This task is even more relevant now with everything that has been happening with the Virus and the upcoming elections. We have been working extra hard to provide more training and invest more in lives of those that are preparing for the ministry in Bolivia. We just started our third trimester in our Bible college and praise the Lord that we have a great group taking classes. I am even offering an extra correspondence class to the students because they were asking me how they could finish their studies quicker. Along with this I have started working individually with some of the students, meeting with them regularly and having them read books that we discuss, that will help them to grow and prepare even more. We will also be having a regular meeting with all the pastors and students to help and encourage them while facing these difficult times. Please continue to pray that the Lord will raise up laborers in Bolivia to do His work.

## **The Future of Bolivia: (Is on Our Shoulders)**

The Lord has really blessed us over the last couple of months since we have been back in the US. We have had a few meetings canceled, due to the Virus, but we have been in some really great meetings and have had several new churches partner with us and the ministry in Bolivia. This month and next we will be traveling almost none stop, so we would ask you to pray for traveling mercies as we visit churches. Also please continue to pray with us, that the Lord will raise up laborers from here, that can go to Bolivia and the world to reach it with the gospel.

## **Prayer Requests:**

1. Pray for the upcoming elections this month in Bolivia.
2. Pray for the men and women preparing for the ministry in Bolivia and that the Lord will raise up many more.
3. Pray for us as we travel over the next couple of months for traveling mercies and that we can see many surrenders to get involved in World Evangelism.
4. Pray that through the difficulties that many are facing at this time that the Lord can be glorified and that many will be reached for His glory.
