Pray for Bolivia

Recently we have asked several times for prayer for Bolivia, because of the situation that they are facing with Covid, and now that situation is more critical than ever. They are having what they are calling a third wave of the virus and it is worse now than it has been since the pandemic started last year. They are having over a thousand new cases a day just in our city and over three thousand new cases in the country. Hospitals are full, there is no oxygen and the morgues have had to start retrieving bodies because people are just dying in their homes. One man died in his car looking for a hospital that would accept him and they didn't find his body until the next morning. Many of the people we know have either just had the virus or have it right now. Several of our friends and their families have had really bad cases and a couple of them are in critical condition and might not make it. The saddest part about all this is the people who are dying that did not know Christ. It breaks our heart to see so many sufferings, and most of them without hope. Please pray for Bolivia during this time and that the Lord would use it to soften and prepare the hearts of the people to receive the gospel. We pray that while many will lose their lives that many more can come to know the Prince of Peace before it is too late.

Pray for Latin America:

Although the situation with the virus in South America is still pretty bad, we were able to have our Latin America regional conference this past month in Quito Ecuador. Some missionaries couldn't come because of their countries being on lockdown but we had a really good group and a wonderful time of learning and fellowship. It is very easy to get discouraged while on the mission field and even distracted from our main task, so this is always a great time to make sure that our focus is on track. There is a misconception out there that Latin America has already been reached and that there is no need for more missionaries, but I can tell you that that is the farthest thing from the truth. While there is a great need all around the world, I can say from personal experience that the need in Latin America is still great and there is a harvest that is going to waste. Pray for laborers to come help us reach Latin America.

Pray for the World:

Although we will be heading back to Bolivia soon, we would like to encourage you to continue to seek the Lord's will for you concerning reaching this world with the gospel. If you are not sure about that, I would like to invite you to participate in some of the activities that VBM will be having to help you find out where you fit, in world evangelism. The harvest around the world is still great, but just like in Jesus' day, the laborers are few. So, if you would like to find out more about how you can get involved and find God's will for your life go to www.bcwe.org and click on Events to see those upcoming opportunities. You will not regret having a part in taking the gospel to so many who have still never heard.

Prayer Requests:

1. Pray for the many who are suffering and dying in Bolivia without Christ.
2. Pray for the need around the world and Latin America that laborers will be sent.
3. Pray for about what the Lord would have you do to get involved in World Evangelism.
4. Pray for the churches in Bolivia that are now back on online services only.
